R. H. EDDY,

SOLICITOR OF PATENTS.

Late Agent of U. S. Patent Office, Washington,
(under the Act of 1837.)
No. 76 State St., opposite Kilby St.,
BOSTON,

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France, and other foreign countries, Caveats, Specifications, Bonds, Assignments, and all papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

The Agency is not only the largest in New England, but through its inventors have advantages for securing Patents, of ascertaining the patentability of Inventions unsurpassed by, if not immeasurably superior to any which can be offered them elsewhere. The Testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents.

These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington, to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the most capable and successful practitioners with whom I have had official intercourse.

CHARLES MASON
Commissioner of Patents.

I have no hesitation in assuring Inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration of the Patent Office.

EDMOND BURKE,
Late Commissioner of Patents.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents as they may be sure of having the most faithful attention bestowed on their cases and at very reasonable charges."

JOHN TAGGART.

During eight months the subscriber, in course of his large practice, made on *twice* rejected applications SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

SUPER PHOSPHATE OF LIME.

THE Undersigned agent in Newport for J. J. Mapes, offers for sale the above named valuable fertilizer. The experience of several years in various localities has proved it the most reliable and economical of fertilizers, cheaper, surer, and more lasting in its effects than Peruvian Guano, not so stimulating and productive of fruit and grain rather than leaves and foliage. As a top dressing for meadows, pastures and lawns it has no equal. It is cheaper than bought stable manure, more easily applied, and has the great advantage of producing neither weeds or insects, while it is injurious to many species of the latter. Any information will be given upon application, and certificates of its value can be shown—proving that for the farmer and garbner its effects are most desirable. E. W. LAWTON,

C. G. MUENCHINGER,

Ice Cream, Cake and Confectionery,

No. 74 Spring Street,

HAVING recently improved my Ice Cream Establishment with the best labor-saving machines for freezing Cream, I am now able to meet any demand at the shortest notice, and to furnish Ice Cream of a most superior quality, at a reduced price.

Hotels, Boarding-Houses, Fairs, Retailers and others will find it positively to their advantage to call on me before purchasing elsewhere.

Orders for Ice Cream, Ices, Jellies, Charlottes, plain and fancy Cakes, etc., from any part of the city and vicinity, will be executed with the utmost care and exactness.

My Cakes, celebrated as they have been for years past, shall not fail to secure general approval for the future.

My Confectionery also having given so general satisfaction here for a long time, is unsurpassed by any in the country. Making a fresh supply every day, using none but the purest oils and fresh fruit for flavoring, and allowing no adulterations whatever, I am confident to meet with the same good success in this department of my business as in the others.

A nice assortment of Toys and Fancy Baskets, I shall keep on hand as usual.

Thankfully appreciating past kind patronage, I will endeavor to [illegible] ever to secure a continuance of the same.

THE SITUATION.

By the recent news which was brought to us yesterday, by our telegraphic dispatches, it would seem that if they are reliable, the rebels are determined to bring this war home to us of the North, who have hitherto been comparatively removed from the actual din and "circumstance" of war. We had already been reminded of this, by the incursions of the *Tacony*, at no great distance from our own shores. These were met by the government, as well as by volunteer preparations, in a spirit of energy and promptness, and the rebel pirates captured and placed in safe-keeping. But, now we are informed, that a formidable force of rebels have actually succeeded not only in placing themselves between Baltimore and Washington, but are strongly massing in the borders of the State of Pennsylvania, looking to a further aggressive incursion upon Philadelphia or even farther North. It would seem from these facts, if all else has hitherto failed to awaken the spirit of true patriotism and heroism, that, at least, the instinct of self defense would arouse us to a realization of our situation, and convert every man into a hero, who has a home to defend. But, singular as it may appear, even this state of affairs does not seem to arouse the Pennsylvanians out of their quaker apathy, and they can hardly be kicked into fighting trim. Pittsburg alone, of all the towns endangered along the borders infested, has arisen to a level with the emergency, and, there, ten thousand men have been laboring, assiduously, with pick and shovel, to intrench the city with defensive works, and in making preparations for repelling the incursions of the threatening rebel hordes.

The Washington *Star* of Thursday last says that the most deplorable fact involved in the present military situation is the "apparent utter incompetency of the people of Pennsylvania to protect themselves, even to the extent of driving North their horses and cattle and concealing their goods." The New York *Herald* of Friday, remarks in confirmation of this that "the inhabitants of Pennsylvania exhibit a strange apathy and indifference." A correspondent from Harrisburg says that "the people do not come up to the crisis." This is also true we think, of Philadelphia. In Carlisle out of six thousand, we are told, only sixty volunteered to defend their homes. Now, whatever may be our opinion in regard to the feasibility of a rebel invasion of the North, one thing is certain, that this conduct on the part of Pennsylvanians, with a rebel force knocking at the doors of their homes, is disgraceful and disheartening. This too, in Pennsylvania, a large State, with a population almost equal to that of the original thirteen States when they became a Nation—and to-day, she would be an humble petitioner at the footstool of rebel mercy, but for New York and New Jersey, her more heroic sisters in our glorious Union.

If the situation of affairs, now, cannot arouse us to a full realization of the necessity of a vigorous prosecution of the war, and awaken the Government and the people to a prompt performance of all their duties, and to a thorough dedication of "all that we are and all that we possess to the cause of our distracted country, then indeed, may we truly despair of the Republic. But we accept no such alternative. Let the Government put forth its best energies, in a firm reliance upon the people, and all will yet be well. Particular Generals, in this Department or the other, may fail—disasters may befal our brave soldiers in their attempts to take some beleagured stronghold, but the people are to be trusted still, and when their confidence is once fully gained by an exhibition of capacity and vigor, on the part of those in power and office, the people will rise in their might and end this war in a historical manner, and restore the Union upon a more permanent basis, than any one sought to be made by traitors, either North or South.

A Boy Hero.

Our readers will remember the incident, at the capture of the U. S. steamship Harriet Lane in Galveston harbor, of a boy coming on deck, when she was boarded by the rebels, with a revolver in each hand, and after firing every barrel, finding the vessel surrendered, threw his pistols overboard to keep them out of the hands of the rebels. His life was in danger from the act, as a rebel soldier had a sword uplifted to cut him down for throwing away the pistols, but was stopped by an officer.

All loyal citizens will rejoice to know that a boy of such a fearless and lofty spirit has been rewarded and placed in a position where these qualities will have a full chance of development. By a letter to his son, from our townsman Capt. Phineas Leach, who is Acting Master on board the receiving ship North Carolina, stationed in New York Harbor, where this young hero was placed when released, we learn that upon the act of this boy hero, coming to the notice of the Secretary of the Navy, that officer issued a warrant of Midshipman to the boy, and gave orders for his admission to the Naval School at Newport.

By the kindness of Capt. Leach's son we are enabled to give the following information of this young hero. His name is Robert Cummings. He was born in Scotland, from which country he came with his father and mother when he was five years old. His father died about three years after coming to this country, and young Robert was obliged to help support the family. He had not been at school since he was ten years old. He went on board the Harriet Lane when thirteen years old, (being now but fourteen,) leaving a half pay ticket of five dollars per month to his mother who lives in Philadelphia.

Capt. Leach enclosed a photograph of young Cummings, which we saw. He is a light built youth, small of his age, with a handsome, determined face, and good head. If he lives and has an opportunity we doubt not that Robert Cummings will again be heard from to his credit.—*Plymouth Rock.*

The New York *Herald's* Harrisburg correspondent states that one man sold water at six cents *per glass* to the New York troops who went there to defend his city, while another charged a dollar each for tallow candles!

Local News Items.

Off for the War.—About a month ago, orders were received from the War Department by Col. Sanderson, for the troops at Fort Adams, to go to Tennessee. Subsequently, this order was suspended by Gen. Wool, who had just previously visited the Fort, on a tour of inspection. The order from the War Department was again renewed on Friday last, and the troops were ordered to join their regiment, the 15th U. S. regulars, in Murfeesboro, Tennessee.

Lieut. Col. Sanderson proceeded to field on Saturday last and last evening, ninety-five men, together with eight of the drum corps, all under charge of Lieutenant Holbrook, left in the steamer *Metropolis* for New York, on their way to join their regiment. This leaves a force of only thirty-five men, to garrison the Fort. This regiment of regulars, has seen a great deal of hard and active service during the war, and has been filled to its maximum of 2400 men, and depleted by losses in battle and by sickness, and recruited again, several times. It now numbers only 1200 men, one half its maximum number. Fort Adams has been used as a recruiting rendezvous for this regiment, and will continue to be used as such, still. The men who left last evening were a noble looking set of fellows, and will, we doubt not, render a good account of themselves.

Scavengers.—We are informed by persons in different parts of the city, that there is a great need of scavengers to collect the offal and rubbish that is gathered, more or less, on the premises of every citizen. If it be the duty of the city authorities to attend to this matter, we presume that it will be done, as the dirt is needed for filling in the cove. If not, any person, with a team might turn a penny, by attending to this matter. Our citizens are not allowed by the ordinances of the city, to throw offal into the streets, and it collects in inconvenient quantities, so as to be a nuisance especially for those who have no convenient place to deposit it. Every Ward in the city should have a scavenger to go throughout its limits, once a week, and collect all the rubbish from each house, and let each householder pay a proportionable part; or let the city authorities have it done, and charge it in the general expenses.

Belger's R. I. Battery.—A recruiting station is now opened, for this battery, in the Provost Marshal's Office, on Thames Street, No. 147, opposite Church Street. The sum of 400 dollars bounty will be paid; 100 dollars cash, paid in advance; 225 dollars paid on reaching the regiment, and 75 dollars, at the expiration of the term of service. Capt. Belger is in the city, and will superintend the enlistments himself. This is a noble battery and has already earned unfading honors, by its noble conduct whenever placed in positions of duty and danger; and it is really a matter of no inconsiderable pride, to one about enlisting, to be enabled to enroll his name among the brave and gallant men, who belong to this battery.

A Meeting of The Stockholders of the Boston, Newport and New York Steam Boat Company, was held last evening at the depot at the head of the Long Wharf, at 9 o'clock. Mr. Tobey, the President of the Company was in the chair.

The only business transacted of much importance, was the passage of a vote, authorizing the Directors to procure fire insurance, only, on the boats belonging to the Company, leaving marine and other risks to be borne by the stockholders themselves.

The Company were engaged until eleven o'clock, in the discussion of matters of interest to them, but no other business was transacted which was intended to be made public.

The Annals of Rhode Island.—Our citizens will remember the rehearsal, this evening, at Aquidneck Hall, of the oration of Rev. Dr. Francis Vinton, and the poem of George W. Curtis Esq., both which were delivered before the Sons of Rhode Island in the city of New York.

The doors will be opened at half past seven o'clock, and the exercises will commence at eight o'clock.

The two middle rows of seats will be reserved for the members of the Redwood Library Association, under whose auspices the above named gentlemen were invited to Newport. The other seats, together with the gallery will be free to the public generally.

Police.—Stephen A. Jack was arraigned and examined yesterday afternoon before the Court of Justices, upon a complaint for indecent exposure.

He was adjudged to be probably guilty and bound over in the sum of one hundred dollars for trial at the Supreme Court.

In default of bail, he was committed to Jail. Two servant girls in the service of Charles H. Welling, Esq., were the witnesses in this case, before whom the accused had perpetrated the foul offence more than once.

It seems quite time that this offender should be confined from public annoyance, altogether.

The New Engine No. 4.—We learn by a letter received yesterday from the makers, Cowin & Co., Seneca Falls, New York, that the new machine for engine company No. 4, is nearly finished, and will arrive in Newport on Thursday, the tenth day of July. This machine is much after the model of the other machines; it is to be crane-necked, 7½ inch cylinder, folding brakes, and two discharge pipes carrying two streams. It is thought that in point of finish and power this machine will be equal, if not superior to any now in the city.

Personal.—Lieut. William E. Holloway, of the U. S. Revenue service has been in town for the last two days. He has been stationed at Castine, Maine, on board the U. S. Revenue Cutter *Tovey*. We mention this, because it has been supposed and reported by some, that Lieut. Holloway belonged to the *Caleb Cushing*, that was cut out of Portland, Maine, by the rebel pirates. Dr. T. W. Wood, the newly elected clerk of the Supreme Court and Court of Common Pleas for this County, we regret to learn, is quite ill, from acute intestinal inflamation. But, we are glad to learn, that his disorder, which, for a day or two past, manifested a serious tendency, has assumed a milder type, and that he is now quite comfortable.

WAR NEWS.

FROM PENNSYLVANIA.

THE PEOPLE RALLYING TO HARRISBURG

Harrisburg, June 29. The situation becomes momentarily more exciting. The rebels are reported to be eight thousand strong between here and Mechanicsburg, and a larger force is between that point and Carlisle. Nearly all are mounted on horses stolen since entering the State.

The enemy are respectful to citizens and private property. There have been no demonstrations opposite this city since yesterday, although the enemy is advancing slowly. Troops are arriving here in large numbers from all over the State.

THE REBEL INVASION.

LEE REPORTED MARCHING ON PHILADELPHIA.

Harrisburg, June 29—1.30 P. M. Two refugees have just arrived here by the Pittsburg mail route, who left Chambersburg on Saturday evening.

They state that at 11 A. M. Saturday, General Lee, in company with Gens. Longstreet and A. P. Hill with their staffs and escorts, left Chambersburg, taking the Baltimore pike in the direction of Gettysburg.

When the refugees left, Gen. Hill's corps was passing through the town taking the road that Gen. Lee went out on. The only troops that passed through Chambersburg coming in this direction were those of Gens. Rhodes' and Johnson's divisions, attached to the corps of Gen. Ewell.

New York, June 29. The Philadelphia *Press* says on advices this morning show that the greater part of the rebel army is in this State, and that Lee in person is now marching upon the city of Philadelphia. He has occupied Wrightsville, a town on the Susquehanna river, and is throwing his force along its banks, threatening our great Pennsylvania Railroad.

He has torn up the Northern Central Railroad at Hanover, and thus snapped the communication between Harrisburg and Baltimore. Wrightsville is not more than two days march from Philadelphia. It opens the rebel path into the magnificent country around Lancaster.

From what we know of war we are afraid that if Lee is at Wrightsville in force it will be impossible for us to prevent him from crossing.

New York, June 29. Mayor Henry of Philadelphia yesterday issued a proclamation appealing to the manhood of the citizens to organize themselves against the rebel invasion. He says: "You number more than 50,000 able-bodied men—the means to arm and equip yourselves are at hand. Close your manufactories, workshops and stores before the stern necessity for common safety makes it obligatory.

Assemble yourselves forthwith for organization and drill. Come ready to devote yourselves to the protection of your homes until your services shall be no longer needed. Spurn from you those who who would delude you to inactivity or disaffection.

Their tongues and hearts are more false and hateful than even the invaders of your soil. Let no one refuse to arm who will not be able to justify himself before man and God in sight of a desolated hearth or of a dishonored family."

Major General George G. Meade.—The new commander of the Army of the Potomac was born in 1816, in Spain, his father then holding an appointment there under the U. S. Minister. He entered the military academy at West Point from the District of Columbia, and graduating in 1836, received a commission as Second Lieutenant of the 3d Artillery. He resigned his commission on the 26th of October, 1836, and was made Second Lieutenant of the Topographical Engineers, May 16, 1842.—For gallantry at Monterey in 1846 he was brevetted First Lieutenant; became First Lieutenant in August, 1851, Captain May 19, 1856, Major in June, 1862, and Brigadier General of volunteers August 31, 1861. He commanded a brigade in McCall's division of Pennsylvania Reserves in the Army of the Potomac, until September, 1862, when he took command of a division in the army corps under Gen. Reynolds. He was severely wounded at the battle of White Oak Swamp, June 30, 1862. His rank of Major General of volunteers dates from the 29th of November, 1862.

Personal.—Major General N. J. T. Dana, to whom has been entrusted the defense of Philadelphia, was born in Fort Sullivan, Eastport, Me.—His father was Capt. N. G. Dana of the First U. S. Artillery, who died in 1833. He is a graduate of West Point, and 41 years of age. He was in the Mexican war, and for his gallantry in various battles was breveted Captain. He was subsequently employed in building forts in the Indian country, and in 1851 resigned his commission and settled at St. Paul, Min. When the war broke out he entered the volunteer service as Colonel of a Minnesota regiment and followed McClellan in his Peninsula and Maryland campaigns, having been made a Brigadier and placed in command of Lander's brigade after the decease of that officer.—He was afterward detailed for special service in Kentucky and Tennessee, and while on this duty was created Major General.—*Boston Journal.*

Admiral Foote.—The remains of Admiral Foote were removed from New York to New Haven on Saturday afternoon. Previous to removal great numbers of officers visited the Astor House to view the body. The coffin which was placed in an outer box, was a metalic one, beautiful mounted in silver, and covered with silk velvet. It is a perfect *fac simile* of the case in which Henry Clay was buried, being of the most elaborate workmanship. The hearse was escorted to the depot by two companies of marines, thirty midshipmen from the Naval Academy, and the New York Committee on National Affairs. Admiral Storer and Stringham, Captains Sands, Drayton, Meade, Leslie and Engle, and Dr. Truslow, acted as pall-bearers. At New Haven the funeral services will take place at Rev. Dr. Bacon's church.—*Boston Journal.*

Wistar's Balsam of Wild Cherry.

So general has the use of this remedy become, and so popular is it everywhere, that it is unnecessary to recount its virtues. Its works speak for it, and find utterance in the abundant and voluntary testimony of the many who from long suffering and settled disease have by its use been restored to pristine vigor and health.

Hon. Rufus K. Goodenow,

Formerly a Member of Congress from Maine,

has kindly permitted us to use his testimony in favor of Wistar's Balsam, by the following certificate:—

Paris, Me., Sept. 20, 1859.

I have tried Wistar's Balsam of Wild Cherry for an exceedingly troublesome cough. The effect was all that could be desired. The use of less than one bottle relieved me entirely. Among great varieties of medicines which I have used, I have found none equal to "Wistar's." Its curative properties, in cases of cough, I regard as invaluable.

DEAFNESS

NOISES IN THE HEAD,

Diseases of the Eye, Ear & Throat,

CATARRH CURED

BY

DR. VON EISENBERG,

AT HIS CONSULTING ROOMS.

Author of "Surgical and Practical Observations on the Diseases of the Ear, with his new Mode of Treatment."

New Testimony.

New York, May 6.

I was entirely deaf in my left ear accompanied by a discharge. I placed myself under Dr. Von Eisenberg's care, who, by his great skill, restored me to perfect hearing, in the short space of a few minutes, without giving me the slightest pain, and the discharge has ceased entirely. The Eustachian Tube, which was obliterated, is quite open, and I feel that the air-passage performs its functions. I am amply satisfied, and recommend every one suffering from impaired hearing to place themselves under the treatment of this eminent and successful physician.

THOMAS GRANAN, No. 339 6th av."

"New York, May 7, 1863.

I have great pleasure to testify to the skill of Dr. Von Eisenberg. I went into his office almost completely deaf, and came out with my perfect hearing. It is nearly twelve months since, and the hearing is perfect. The operation, which lasted two or three minutes in each of my ears, gave me no pain whatsoever. I, with confidence, recommend all sufferers to place themselves under Dr. Von Eisenberg's unsurpassing skill.

SAMUEL C. HUNT,

No. 6 Meserole av., Greenpoint, L. I."

No. 186 Madison-st., New York, Feb. 9, 1863.

I have been completely deaf in one ear, and partially so in the other, for above seventeen years, with a disagreeable discharge from both ears, combined with continual rumbling noise in the head, for which I have been treated by a most eminent practitioner in the City without the slightest relief.

I consulted Dr. Von Eisenberg, but I must candidly say that I had no faith in his success when I did so. It is, therefore, due to Dr. Von Eisenberg to acknowledge that I am entirely cured; also, that he displayed that skill and knowledge which have procured for him such an unrivaled reputation. As I have had an opportunity of comparing his mode of treatment with that of others, I can truly state that it is not only superior, but the principles which direct his mode of restoring the hearing are, in my opinion, certain.

JOHN TAYLOR.

New York, July 19, 1862.

This certifies that my mother has been for some time afflicted with partial deafness, suffering from pain, and rumbling noises in the head, together with other indications of a *total loss of hearing.* Dr. Von Eisenberg removed from her ears a great quantity of matter, together with coagulated blood, relieving her instantaneously, and all without pain. It is with grateful thanks that I give this testimony to his skill.

CARROLL J. POST, No. 23 South st.

No. 29 Forsyth-st., Room No. 10, New York.

J. E. Von Eisenberg, M. D.—*Dear Doctor:* I have been afflicted with total deafness, and was induced to pay you a visit. No one can imagine my delight when, after one operation, my hearing was suddenly, and without pain, restored to me, for which I feel very grateful. After being totally deaf—almost shut out from the pleasure of using so necessary a sense—to have it returned, and to hear so distinctly, reflects great credit on you for the immense amount of skill you possess. I beg to thank you for what I can so truly appreciate. I am, Sir, your obedient servant,

EDWARD TEMPLE HARRISON.

Chronic Catarrh Cured.

READ

New York, March 20, 1863.

"This is to certify, that I have suffered from very severe CHRONIC CATARRH, with a dull heaviness in the head. I felt my nose completely stopped up accompanied by continual soreness of the throat, the chills stealing over me with occasional hot flushes, a great tightness of the chest and pains, so much so, that every one thought it was consumption. Having heard of the great cures performed by Dr. Von Eisenberg I consulted him with but little hope of a cure. I am now happy to be enabled to add my testimonial to the great number already in the Doctor's possession, as to his ... and successful mode of treatment, as he has shown in my ... skill and knowledge which have procured for him so great a reputation. I am so entirely restored to perfect health that I do most sincerely recommend all sufferers from CHRONIC CATARRH and SORE THROAT to apply at once to Dr. Von Eisenberg with a certainty of being cured."

FROM THE SCENE OF STRIFE.

The Rebels Within Four Miles Of ALEXANDRIA.

The Rebels at the Relay House.

PHILADELPHIA, June 30.

The Washington *Star* of this evening says:—It was currently reported in this city yesterday that the rebel pickets had made their appearance four miles from Alexandria on the Fairfax road.—It is said that they are in view of our pickets, our pickets being on one side of a small small stream and those of the rebels on the other side. The *Star* contradicts many of the rumors afloat in Washington, among which is one that the rebels had planted batteries at Matthias Point, and other commanding positions on the lower Potomac and that they had effectually obstructed the navigation of the river. There are no signs of the rebels at the Relay House as was reported.

Another Battle in Tennessee.

THE FEDERALS VICTORIOUS.

THE REBELS ALLOWED TO ESCAPE.

Joyful Welcome of Union Troops.

HEADQUARTERS, ARMY OF THE CUMBERLAND,
Manchester, Tenn., June 26.

Gen. Reynolds at 8 A. M., yesterday, took possession of this place. At 6 P. M. Gen. Granger occupied Shelbyville.

The rebels after a slight resistance evacuated their several positions retreating on the lines of which Tullahoma is the concentric point.

Gen Rosecrans has removed the restrictions on the use of the Telegraph.

I send a synopsis of the brilliant movement which despite meteorological and topographical difficulties have been achieved with but slight losses to us in taking possession of the Town's Gap and strongly fortified lines lately held by the rebels. The movement was begun on the 24th in the midst of a heavy rain which has continued ever since, with but slight intermission.

The enemy's advance posts were found on all the roads leading south for more than nine miles distant from Murfreesboro. On the left Butler's 1st Kentucky cavalry were driven rapidly through Hoovers Gap to Beech Grove and had not time to place their artillery in the unfinished works in the Gap.

Two companies were cut off and scattered among the hills; Stuart's Division moved from Fairfield, on the alarm being given, to Beech Grove and engaged the head of Thomas's Corps under Colman.

A brisk engagement between Wilders mounted infantry and Baltje's rebel brigades ensued in which the enemy attempted to flank us but were repulsed by the 17th Indiana volunteers with heavy loss.—Our loss was about 15 killed and 50 wounded.—The fight lasted 4 hours; the rebels had 2 guns disabled by Libby's and Harris' batteries. The battle ended with night, the rebels being still in possession of Beech Grove and the Ridge of hills diagonally crossing the road to Fairfield and Manchester and Ewing valley and Garrison's valley from which they opened a cross fire upon our position, but were soon silenced by Loomis, Church and Harris' batteries.

On Friday Gen. Rosseau made a flank movement for the purpose of getting upon the Fairfield road and cutting the rebels off from their line of retreat. The regular brigade, Maj. Coolidge commanding in the absence of Gen. King who was at Murfreesboro at the time of the advance of the flanking force, and made a rapid and brilliant charge, upon Bates's rebel brigade forming the rebel left, driving it in great confusion for half a mile and causing the rebels' right to hastily evacuate the Beach Grove works retreating in great haste towards Fairfield. Col. Walker through fear of being flanked by a force, apparently moving on his right, but really retreating, failed to move his brigade as far as the Fairfield road and the enemy escaped. They threw away everything but their guns strewing the country with blankets and knapsacks.

Gen. Reynolds, in the meantime, moved forward and the next day occupied Manchester, taking thirty prisoners, among whom are three officers. On the centre, Clayborn's division was encountered at Liberty Gap, and a severe engagement of an hour's duration ensued. Having accompanied the left I can give no details of our loss which is estimated at about three hundred. The rebel loss is unknown. Col. Gowan, 2nd Arkansas, and Maj. Claybrook of Clayborn's staff were killed. Miller's and Wallace's brigades were chiefly engaged. The loss of the former was heavy, the latter's loss was light. Gen. Miller was seriously wounded on the right.

A cavalry engagement of which I have no particulars took place on the the 24th between Gens. Mitchell and Forrest, in which the former found himself outnumbered. Gen. Stanly went to Mitchell's aid and Forrest retreated. Gen. Granger moved forward finding Polk's corps reported 18,000 strong in his front. According to orders the centre and right kept retired and did not attempt to push the enemy. As soon as Manchester was taken and the rebel right turned, the centre retreated. Gen. Granger remained quiet, but the rebels finding us in Manchester hastily evacuated Wartrace and Shelbyville.

Had not the rain of the past four days and the difficulties of bad roads retarded our entire left, we should have succeeded in forcing Bragg from his line of retreat to Tullahoma and thence toward the River or compelled him to fight us West and North of Tullahoma. As it now stands, he is safely retreating on Tullahoma. Hardee is on the War trace and Polk on the Shelbyville road; they will be in front of Tullahoma to-night and we will be within reach of them, and then of what will follow, I will be silent.

Gen. Granger met with a grand reception from the loyal citizens of Shelbyville. Flags floated from the buildings of the citizens and men, women and children welcomed with tears and shouts of joy, the flag which they had not seen for ten months. The most extravagant demonstration of joy were made. Gen. Granger captured 300 men 20 officers and 8 pieces of artillery and then pushed on in pursuit of the rebel train nine miles ahead The unionists estimate Polks force at 18,000 men.

Further from the Tennessee Battle.

HEADQUARTERS ARMY OF THE Cumberland,
MANCHESTER, Tenn., June 28.

Gen. Bragg's entire force is roughly estimated at 36,000 men.

Among the losses in the Regular Brigade in the fight on Friday are the following:

Killed Sergt. Reynolds, Co. H 16th Infantry; Corp. Donohue, 18th Infantry; Private Fordo 18th Infantry, 2nd Battalion.

Wounded Capt. Thompson 2nd battalion, 18th Infantry; Lieut. Schieffelin, Co. H 16th U. S. Infantry; Lieut. Little, Co. E 18th Infantry, 2nd Battalion; Private Alexander Ord, 18th Infantry. Further details of the fight at Lafouche crossings show that our forces were posted in two positions by Gen. Emery. One portion less than a thousand strong under Col. Stickney defended the crossing and were charged upon by their cavalry and one infantry rebel Regt. The rebels actually put their hands upon our guns but were gallantly repulsed, leaving fifty three dead on the field and sixteen prisoners on our hands. Lieut. Col. Walker of the Texican rebel infantry was killed and the rebels were allowed to bury him under a flag or truce. Our forces were intending to pursue the rebels. The rebel wounded is estimated at 250. Our loss is eight killed and 16 wounded.

Subsequent information shows that the rebels lost a hundred wounded and fifty prisoners, including in the latter the rebel Col. and a number of commissioned officers.

Our pursuit was highly successful, the rebels walking off at all speed and a number of prisoners being captured. The negroes report that the rebels carried off and buried a large number. The rebel repulse was most decided and effectual.

Among the rebel loss is Col Gowan of the 2nd Ark., regiment and Maj. Claybrook, of Clayborns staff. In spite of the badness of the weather our troops are in high spirits and march splendidly.

STILL LATER.

MANCHESTER, Tenn., June 28.

The Chattanooga Rebel gives the following account of the fight on Wednesday.

From passengers who came down on the afternoon train yesterday we learn that on Wednesday two brigades of the Army of General Rosecrans attacked the brigades of General Bates and Siddel, holding Hanover and Liberty Gaps. Our men fought the enemy until their ammunition was exhausted when they fell back. Movements indicate a general advance of the enemys forces which may result in a pitched battle. We regret to learn that among the killed in Bates brigade was Major Claybrooke and that Gen. Clayborn lost some estimable officers.

THE INVASION.

ADVANCE TOWARD

PHILADELPHIA.

THE ATTACK ON HARRISBURG.

Excitement of the Pennsylvanians.

NEW YORK June, 30.

A dispatch dated Fort Washington Pa. West Bank of the Susquehannah, evening of the 29th says: The enemy holds a position almost discribing an arc of a circle, his extremes resting on two main roads—his pickets out, and his artillery commanding the roads to his front and his flank

We expect to fight to-morrow. Skirmishing has been going on all day. Our forces fell back this afternoon, this side of the toll gate with a few wounded.

A Harrisburg dispatch states that Gen. Couch has called for three hundred men to work on the defenses. He says the time has arrived for activity.

Dispatches dated midnight says: there is more firing to-night. Our pickets are wounded and the rebels are threatening to cross the Susquehannah. Forty-two rebel prisoners, including a Major and Lieut. were sent to Pa. to day.

The *Times* special dispatch, eight miles from Harrisburg dated last night, states that there was slight skirmishing in that vicinity Sunday afternoon and night. The rebels are said to be crossed at Bainbridge to cut the Penn. Central Railroad.

A Columbia despatch says the rebels have retreated to York, having done some damage to the Northern Central road. Several spies were captured and rebel scouts shot while crossing the river.

A large number of citizens who came here as spectators were pressed into the service to-day.

The rebel Gen. Early says he will occupy York permanently. Another despatch says all quiet at Columbia.

It is believed that Longstreet has opened communication with Ewell at Carlisle, consequently a heavy movement on Harrisburg is expected. Defensive works are being thrown up at Columbia and other exposed points on the river. Two negroes and white men were killed yesterday when the rebels shelled the town.

Another dispatch says it is reported that the enemy passed through Carlisle 17000 strong with 30 pieces of artillery.

There is great excitement at Lebanon and the storekeepers are moving their goods away.

A Columbia letter of the 29th to the *Herald* states that several guns were placed in position to defend the bridge but when the rebels began to appear it was discovered that there was no munition for the cannon, consequently they were of no service. While the bridge was burning the rebels attempted to save it but were unsuccessful. The rebels were plainly visible on the opposite side of the river. There are various reports of the rebels trying to cross at points above and below.

THE REBELS BETWEEN Washington and Annapolis.

CONFIRMATION OF YESTERDAYS NEWS.

A Washington despatch to the *Herald* states that Maj. Fry with 3000 troops left Alexandria Saturday for some point on the Upper Potomac. On Sunday several skirmishes were had and resulted in his falling back and losing two killed and one wounded and sixteen missing. The rebel cavalry since then occupy Rocksville and are reported to be within six or seven miles of Laurel Factory, between Washington and Annapolis Junction.

FURTHER FROM THE INVASION.

Preparations of the Federals.

BALTIMORE SUPPOSED SAFE.

NEW YORK 30th.

It is ascertained that a large body of Federal cavalry have reached Gettysburg, taken possession of the town and captured a number of rebels.—Our army is gradually moving in that direction it is hoped that the rebels will either be captured or made to beat an inglorious retreat.

The trains on the Northern Central Railroad run this morning to Parkton only six miles from Baltimore. Several bridges have been destroyed north of Parkton.

No apprehensions are felt for the Baltimore and Washington Railroad as it is strongly protected. The same may be said of the Wilmington and Baltimore Railroad. The gunboats are in each of the Gunpowder rivers, at Havre de Grace and at Neuse river. The defences of Baltimore are now very strong. All the negroes that can be found without distinction are impressed into service and made to work in building fortifications.

The cars from Baltimore to Frederick this morning were obliged to return after reaching Sykesville, where a large force of rebel Cavalry were tearing up the track and burning bridges, the train narrowly escaped being captured.

NEW YORK June 30.

Steamer Columbia from New Orleans 24th has arrived.

The *Era* of the 24 states that the rebels made an attack on the 20th on the bridges at LaFourche, crossing but were repulsed by our forces guarding it, after a sharp engagement. A train from Thebodeauxville narrowly escaped capture. Soles rebel guerillas also attempted to burn the bridge at Bouyon de Allemands but were repulsed.

A second attack was made on the night of the 21st but the rebels were again repulsed with considerable loss, leaving their dead and wounded on the field. Several prisoners were captured. It is reported that one Col. and nine men were left dead on the field by the rebels. Gen. Emery has taken most effective measures to thwart any designs of the enemy in that quarter. The rebels were a portion of the forces which burned the steamers at Plaquemine lately.

A deserter from Port Hudson, who escaped to the fleet reports that the rebel Captain Boom who is accounted their best artillerist, is killed. Several other rebel officers are killed. In both the recent assaults by Bank's the rebels state their loss at 1,500. When this deserter escaped the rebels had 45 head of poor cattle which with corn and peas would last fifteen days. Their mill had been burnt and the corn and meal were now ground by hand.

Several wealthy ladies were in garrison, two were killed by shells from the gunboats.

The rebels had two hundred negroes serving in garrison. When they get out of supplies the rebels intend crossing the river on rafts, instead of surrendering.

Geo. S. Dennison special Agent of the Treasury Dep't has arrived at New Orleans.

A salute was fired to-day at 12 o'clock m., from Goat Island, in honor of the memory of Rear Admiral Foote, late of the U. S. Navy, deceased. The flags of the U. S. vessels-of-war, and others in the harbor, were displayed at half-mast, at the same hour.

A letter arrived in town this morning, written by Gen. T. W. Sherman to his wife, he supposing her to be still in Newport. The letter contains the gratifying intelligence that the General is rapidly recovering, and will be in Newport in the course of two weeks.

GREAT INDIAN REMEDY

FOR FEMALES.

Dr. Mattison's Indian Emmenagogue.

This celebrated Female Medicine, possessing virtues unknown of anything else of the kind, and proving effectual after all others have failed, is designed for both *married and single ladies*, and is the very best thing known for the purpose, as it will bring on the *monthly sickness* in cases of obstruction, *from any cause*, and after all other remedies of the kind have been tried in vain.

OVER 2000 BOTTLES
have now been sold

without a *single failure*, when taken as directed, and without the least injury to health *in any case*. ☞ It is put up in bottles of three different strengths, with full directions for using, and sent by express, *closely sealed*, to all parts of the country.

PRICES—Full strength, $10; half strength, $5; quarter strength, $3 per bottle.

☞ *Remember! This medicine is designed expressly for* OBSTINATE CASES, *which all other remedies of the kind have failed to cure; also that it is warranted as represented* IN EVERY RESPECT, *or the price will be refunded.*

☞ BEWARE OF IMITATIONS! None genuine and warranted unless purchased *directly of Dr. M.* or at his *office*. ☞ Accommodations for Ladies wishing to remain in the city a short time for treatment.

Dr. Mattison's Diuretic Compound.

For Acute and Chronic Gonorrhea.

This new remedy contains neither Balsam, Copaiva Spirits of Nitre, Cubebs, Turpentine, or any other nauseous drugs, but is an elegant vegetable liquid, pleasant to the taste and smell, grateful to the stomach, cooling, cleansing and healing in its operation and speedily allaying all heat and irritation in the urinary passage. You, therefore, who have been swallowing down *Balsam Copaiva*, either in capsules or mixtures, for months in succession, until with pale face and disorder of stomach your breath and clothes are filled with its vile odor; throw away the disgusting mixtures, and send for a bottle of this *New Remedy*, which will not only cure you *at once*, but at the same time it will cleanse the system from the injurious effects of the various mixtures you have been taking so long.

☞ ONE BOTTLE WHICH LASTS A WEEK, WILL OFTEN EFFECT A PERMANENT CURE.—Price $2,00.

Dr. Mattison's Anti-Syphilitic Syrup,

For Constitutional Syphilis

No remedy ever discovered has done what has been achieved by this. Under its use every form of constitutional syphilitic taint is speedily cured, and in a few weeks the subtle poison is completely eradicated from the system, and health and strength are permanently restored.

☞ *It was this remedy that cured in a few weeks a gentleman from the South, then stopping at Newport, and for which he presented Dr. M. with $350 besides his bill, after having been under the treatment of the most eminent physicians in Baltimore, Philadelphia and New York for FIVE YEARS.*

One bottle, which lasts a month, will often effect a perfect cure. Price, $10; half size, $5.

Dr. Mattison's Nerve Invigorator,

For Nervous Debility, Loss of Power, Impotency, Confusion of Thought, Loss of Memory, Irritable Temper, Gloomy Apprehensions, Despondency and Melancholy, which may end in Loss.

This new remedy for that fearful train of mental and physical evils arising from venereal excesses, and secret habits of the young, is composed of the most soothing strengthening and invigorating medicines to be found in the whole Vegetable Kingdom, which, in combination, form the most perfect antidote for this obstinate and distressing class of maladies ever yet discovered.—It has now been sent to nearly every State in the Union, relieving the untold sufferings of hundreds who have never seen the inventor, restoring them to comparative health, strength and happiness. *Price*—Quart bottle, which lasts a month, $10; half size, $5.

☞ These four GREAT REMEDIES are the result of over twenty years' study and practice, and as now prepared they are known to be the *very best* for their respective purposes, and I am therefore induced to make them public for the mutual benefit of myself and the sick, who otherwise could never avail themselves of their benefits. They are all warranted as represented, in every respect, or the *price will be refunded*.

☞ Prepared and sold ONLY at DR. MATTISON'S REMEDIAL INSTITUTE FOR SPECIAL DISEASES, near No. 28 Union street, Providence, R. I., and sent by express, *secure from observation*, to all parts of the United States.

A WORD OF CAUTION.

☞ It has been estimated that over *Two Hundred Thousand Dollars* are paid to swindling quacks annually in New England alone; and that, too, without *any benefit* to those who pay it. All this comes from trusting, *without inquiry*, to men who are alike destitute of honor, character or skill, and whose *only* recommendation is *their own* false and extravagant *assertions* in praise of *themselves*. The only way to avoid imposition is to take no man's word, *no matter what his pretensions are*, but MAKE INQUIRY. It will cost you nothing, and may save you many regrets; for, as advertising physicians in nine cases out of ten are *bogus*, there is no safety in trusting *any of them* unless you know *who* and *what* they are.

Dr. M. will send *free*, by enclosing one stamp as above, a Pamphlet on DISEASES OF WOMEN, and on *Private Diseases* generally; giving full information, with *the most undoubted references and testimonials* without which no advertising physician, or medicine of this kind is deserving of ANY CONFIDENCE WHATEVER.

☞ Orders by mail promptly attended to. Write your address plainly, and direct to DR. MATTISON as above. dl8-1y

DURYEAS' MAIZENA

Was the only "preparation for food from Indian Corn" that received a medal and honorable mention from the Royal Commissioners, the competition of all prominent manufacturers of "Corn Starch" and "Prepared Corn Flour of this and other countries notwithstanding.

MAIZENA,

"The food and luxury of the age, without a single fault. One trial will convince the most skeptical.—Makes Puddings, Cakes, Custards, Blanc Mange, &c., without isinglass, with few or no eggs, at a cost astonishing the most economical. A slight addition to ordinary Wheat Flour greatly improves Bread and Cake.—It is also excellent for thickening sweet sauces, gravies for fish and meat, soups, &c. For Ice Cream nothing can compare with it. A little boiled in milk will produce rich cream for coffee, chocolate, tea &c.

"Put up in one pound packages under the trade mark 'Maizena,' and with directions for use."

A most delicious article of food for children and invalids of all ages. For sale by Grocers and Druggist everywhere.

WINCHESTER'S

HYPOPHOSPHITES,

FOR THE PREVENTION AND CURE OF

Consumption, Asthma, Chronic, Bronchitis, Nervous Prostration, General Debility, Dyspepsia, Scrofula, Marasmus, Loss of Appetite, Neuralgia, Female Complaints, and all Disorders of the Nervous and Blood Systems.

This Remedy has obtained a great reputation for most EXTRAORDINARY CURES IN ALL STAGES OF CONSUMPTION. It is recommended by many thousand physicians in the United States and Europe—having been used with RESULTS UNPARALLELED IN THE ANNALS OF MEDICINE.

The *Hypophosphites* have a two-fold and *specific* action: on the one hand, *increasing the principle which* CONSTITUTES NERVOUS ENERGY, and on the other, being the MOST POWERFUL BLOOD GENERATING AGENTS KNOWN. In cases of *Nervous Debility, or Prostration of the Vital Powers*, from any cause, this remedy has no superior.

"Winchester's Genuine Preparation"

Is the *only reliable* form of the HYPOPHOSPHITES, made after the original formula of Dr. Churchill.

THE SPECIFIC PILL.

A SPECIFIC REMEDY FOR

Spermatorrhea or Seminal Weakness, and Genital Irritability in either Sex.

This Malady, the *terrible consequences* of which are too well known to require more than a bare allusion to them, is one of the most insidious, and therefore dangerous, of all the long catalogue of human ills. It saps the very springs of life, rapidly undermines the constitution, and sinks the unhappy victim into imbecility and a premature grave! From one to six boxes of the SPECIFIC PILL are sufficient to effect a permanent cure in the MOST AGGRAVATED CASES, whether *Constitutional*, or arising from *Abuse* or *Excesses*.

MEDICAL TESTIMONY.

"We believe it to be, in the treatment of *Spermatorrhea*, as near a SPECIFIC as any medicine can be."—B. KEITH, M. D.—[*Am. Jour. of Medical Science.*]

"I have found them *all that could be desired*. Their effect HAS BEEN TRULY WONDERFUL. I used them in a case of Spermatorrhea *of long standing* which has been under treatment *for years*. I think three boxes will complete the cure."—E. P. DICKER, M. D.

This is not a Homeopathic Remedy, nor is there any mercury or other deleterious ingredient combined with it.

Medicines.

$500 WILL BE FORFEITED BY DR. L. DIX if failing to cure in less time than any other physician, more effectually and permanently, with less restraint from occupation or fear of exposure to all weather, with safe and pleasant medicines.

SELF-ABUSE AND SOLITARY HABITS,

Their effects and consequences;

SPECIAL AILMENTS AND SITUATIONS

Incident to Married and Single Ladies;

SECRET AND DELICATE DISORDERS;

Mercurial Affections; Eruptions and all Diseases of the Skin; Ulcers of the Nose, Throat and Body; Pimples on the Face; Swellings of the Joints; Nervousness; Constitutional and other Weaknesses in Youth, and the more advanced, at all ages, of

BOTH SEXES, SINGLE OR MARRIED.

DR. L. DIX'S

PRIVATE MEDICAL OFFICE,

21 Endicott Street, Boston, Mass.,

is so arranged that patients never see or hear each other. Recollect the ONLY entrance to his Office is **No. 21**, having no connection with his residence, consequently no family interruption, so that on no account can any person hesitate applying at his office.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

IS THE ONLY REGULAR GRADUATE PHYSICIAN ADVERTISING IN BOSTON.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

STRANGERS AND TRAVELLERS.

To avoid and escape imposition of Foreign and Native Quacks, *more numerous* in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation.

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and LESS as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines *by the dead*, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, specifics &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than is cured," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, ALAS! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

charges are very moderate. Communications sacredly confidential, and all may rely on him with the strictest secrecy and confidence, whatever may be the disease, condition or situation of any one, married or single.

TO THE LADIES.—The celebrated DR. L. DIX particularly invites all who need a *Medical or Surgical* adviser, to call at his Rooms, No. 21 Endicott Street, Boston, Mass., which they will find arranged for their special accommodation.

DR. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

His medicines are prepared with the express purpose of removing all diseases, such as debility, weakness, unnatural suppressions, enlargements of the womb, also, all discharges which flow from a morbid state of the blood. The Doctor is now fully prepared to treat in his peculiar style, both medically and surgically, all diseases of the female sex, and they are respectfully invited to call at

CURE THAT COUGH OF YOURS.

Use the best, Surest, and cheapest Remedy the world has ever produced.

ONLY 13 & 25 CENTS PER BOTTLE.

MADAME ZADOC PORTER'S

GREAT COUGH REMEDY.

MADAME ZADOC PORTER'S, Curative Balsam is warranted if used according to the directions, to cure in all cases, Coughs, Colds, Whooping Coughs, Asthma, and all affections of the Throat and Lungs.

MADAME ZADOC PORTER'S BALSAM is prepared with all the requisite care and skill, from a combination of the best remedies the vegetable kingdom affords. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of the blood, through the lungs. It is not a violent remedy, but emollient,—warming, searching and effective; can be taken by the oldest person or youngest child.

MADAME ZADOC PORTER'S BALSAM has been used by the public for over 18 years, and has acquired its present sale simply by being recommended by those who have used it, to their afflicted friends and others.

MOST IMPORTANT.—MADAME ZADOC PORTER'S CURATIVE BALSAM is sold at a price which brings it in the reach of every one to keep it convenient for use. The timely use of a single bottle will prove to be worth 100 times its cost.

NOTICE.—SAVE YOUR MONEY!!!—Do not be persuaded to purchase articles at 4s. to $1, which do not contain the virtues of a 13 ct. Bottle of Madame Porter's Curative Balsam, the cost of manufacturing which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Porter's and none other. Ask for Madame Porter's Curative Balsam, price 13 cts., and in large bottles at 25 cts., and take no other. If you cannot get it at one store you can at another.

☞ Sold by all Druggists and Store-keepers at 13 cts. and in larger bottles at 25 cts.

CURE FOR PIN WORMS.

DR. E. G. GOULD'S

PIN WORM SYRUP

Is the first and only remedy ever offered to the public for the effectual removal of the Ascarides, or Pin Worms, from the human system. The high reputation it has established in the last two years, and the fact that it is fast superseding all other worm remedies, is the best test of its great rebellion.

It affords Relief in twenty-four hours and an Entire Cure is warranted

when taken according to directions, which accompany each bottle.

THIS SYRUP is also a most valuable family cathartic, to be always used when physic is required, ESPECIALLY FOR CHILDREN. It corrects the secretions, gives tone to the stomach and bowels, assisting nature in her efforts to restore health. IT IS PURELY OF VEGETABLE EXTRACTS, AND ALWAYS SAFE AND RELIABLE.

C. HERAEY, Sole Proprietor.

Sold in Boston by GEO. C. GOODWIN & CO., No. 42 Marshall street, and other Wholesale Druggists.—At retail by R. J. Taylor, Wm. S. N. Allan, Caswell Mack & Co.

DYSPEPSIA & FITS.

A SURE CURE FOR THESE DISTRESSING COMPLAINTS IS NOW MADE KNOWN IN A

"Treatise on Foreign and Native Herbal Preparations."

Published by DR. O. PHELPS BROWN.

The prescription was furnished him in such a providential manner that he cannot conscientiously refuse to make it known, although he never was a believer in Clairvoyance, Spiritualism, Pschycology, &c. This remarkable remedy has cured everybody who has tried it, never failing in a single case. It is equally sure in cases of Fits as of Dyspepsia; and the ingredients may be found in any drug store. Those who are afflicted with Consumption, Bronchitis, or Asthma, may also be cured by the use of my Herbal Preparations, which are charged with electro-magnetic properties, and an aura or aromatic atmosphere is continually emanating from them, in consequence of the *positive* and *negative* repulsion of its atomical electro magnetical principles, thereby rendering their efficacy truly wonderful in all cases of Lung Complaints. I will send this valuable prescription free to any person on receipt of their name.

GALVANIZED IRON COFFS

The subscribers have become agents of the patent GALVANIZED IRON COFFIN, a new article finished in the most beautiful manner and made of what has proved by years of experience to be *the most imperishable of all materials.*

This article in shape and outward appearance resembles a highly finished rosewood coffin. It is much less awkward, in appearance lighter, more efficient and easier handled than the cast iron coffins which have been in use for several years.
